July 13, 2020

Dear Cub Nation,

We are excited to welcome our students back to Brenham ISD, whether in person or remotely. Our goal is to open school on August 19 and follow our originally adopted 2020-2021 school calendar. In order to adequately prepare for the start of school we are asking parents to complete our Return To Learn survey and our staff members to complete our Return To Work survey. Feedback from our school community along with guidance from local, state, and federal authorities will help us shape our plans for August. We are working diligently to ensure a safe and productive environment for all and we thank you for your patience and commitment to Brenham ISD during this unprecedented time.

Brenham ISD will offer two instructional options for the Fall semester. Parents will have the option of choosing the face-to-face model or remote learning model. Parents will make their selection of instructional models through the Return To Learn survey. We are asking for families to commit to their learning option for a grading period. If families wish to change their mode of learning, requests will be considered at the end of each grading period.

The surveys will be sent out this week to all families and staff members. Your participation and input is vital to the successful start of our school year.

Please know these plans are subject to change based on state and federal guidelines. As always, we invite you to stay up to date with the latest information on our Brenham ISD website or our social media channels.

Sincerely,

Brenham ISD
