

ELECTROCARDIOGRAM SCREEN (ECG) CONSENT FORM AND RELEASE OF LIABILITY

Brenham ISD

An ECG (also known as an EKG) screen can help identify young athletes who are at risk for sudden cardiac death, a condition where death results from an abrupt loss of heart function. An ECG screening may assist in diagnosing several different heart conditions that may contribute to sudden cardiac death.

By signing below, I am either electing or declining an ECG screen provided by the **Brenham Independent School District** for my child. By electing to receive an ECG screen, I acknowledge the limitations of an ECG screen and that sudden cardiac death or other cardiac events may still occur, despite this screening. I further acknowledge that students with an abnormal ECG screen will be required to perform further testing (e.g. an echo or ultrasound) and/or a medical consultation prior to being released to resume participation for **Brenham ISD** athletic teams. By my signature below, I hereby release and forever discharge, and waive, any and all claims against **Brenham ISD**, its employees, trustees, consultants, volunteers and contractors that relate to my election regarding and/or my child's participation in the ECG screening project. I authorize medical personnel to review the ECG results, and interpret and use the same for diagnostic and aggregated statistical purposes in accordance with the Family Education Rights and Privacy Act and Health Insurance Portability and Accountability Act of 1996.

- I DO hereby consent to participation in the ECG screen on behalf of my minor child.
 I DECLINE participation in the ECG screen on behalf of my minor child.

 Child's Name Printed Date
